- Enables employees to give collectively with colleagues

HOW DOES EPH WORK?

Every Penny Helps allows employees to donate the pennies from their pay to charity i.e. their net salary is round down to the nearest whole pound.

For example, if an employee's net pay is £978.60, the employee retains £978 and 60p is deducted for EPH.

Participating employees have the pence deducted from their net pay by their payroll department on payday.

All pennies are collected and sent to the employer's chosen charity or charity partner.
